SUPERVISED VISITATION SERVICES—assuring that children have safe, conflict-free access to parents with whom they do not reside .

Vanguard Supervised Visitation Services, Inc. (VSVSI) has been providing **Supervised Visitation, Supervised Exchange, Therapeutic Visitation, Telephone Monitoring, Custody-related home studies** to families in North Carolina and Virginia on a private basis since 2002. We have an excellent reputation for providing high-quality, timely service to families experiencing stressful aspects of separation, divorce, and custody. Our professional staff have achieved outcomes including vastly improved parental cooperation.

Flexibility

The flexibility of our staff to supervise the visits in any approved setting is a huge benefit of our services. We have supervised visits at parks, movie theaters, fast food restaurants, and shopping malls— providing a more family-friendly atmosphere than is often available in organizational settings.

Our Most Requested Services:

Supervised Visitation refers to contact between a non-custodial parent and one or more children in the presence of a third party, who is responsible for observing and factually recording the interactions of the non-custodial parent and children, seeking to ensure the safety of those involved.

Therapeutic Visitation is similar to Supervised Visitation, except that the professional third party is a certified clinician who can provide limited therapeutic intervention during the visits.

(Court testimony available).

Professionals who provide the services are selected and credentialed by Vanguard Professional Staffing, Inc . Therapeutic Visitation is provided by credentialed clinicians, such as Licensed Clinical Social Workers. All professionals receive specialized supervised visitation training before being assigned to work with families.

Costs

Includes all written observation logs and reports needed by the court. Current fee schedule available at www.vsvsinc.com, or contact **Debbie P. Longo** at **252-245-0820**, email: debbiel@vanguardprostaff.com.

Comments from satisfied clients:

Father in NC:

“Every Wednesday night a social worker supervised visits in my home, so I was able to see my children. They were very reliable and I knew I was going to have a regular visit with my children.”

Mother in Maryland:

“Once a year my son is able to see his father. I fly to NC where he lives and they supervise the visit for a week from 8-5. I feel secure with the social workers supervising the visit and have no fear of my ex-husband taking my son and running off.”

Member - SVN, Supervised Visitation Network, is an international membership organization of professionals who provide supervised visitation and access services to families.
